

Canadian and Red River Basins Stakeholder Questionnaire

Your input is important! To better serve our stakeholders, the Red River Authority of Texas would like to know about topics and other water issues relevant to our stakeholders that should be addressed at future Clean Rivers Program (CRP) meetings. The following are topics for discussion at our next stakeholder meeting, which will be held on April 27, 2026. Please rate them on a scale according to how important these issues are as they relate to inclusion in our next CRP meeting agenda. We appreciate your past participation and look forward to your continued participation.
