Boil Water Notice Rescinded

June 25, 2025

RRA- Quanah Southwest Water System PWS 0990044

On June 12, 2025 the Texas Commission on Environmental Quality required the Red River Authority of Texas RRA- Quanah Southwest Water System PWS 0990044, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of June 25, 2025.

If you have questions concerning this matter, you may contact me at (940) 723-8697.

If a customer, individual, or employee wishes to contact the TCEQ, please call (512) 239-4691

Sincerely,

RED RIVER AUTHORITY OF TEXAS

Jared York
Administration Assistant
