## Boil Water Notice Rescinded

April 24, 2026

### RRA- Guthrie Dumont Water System PWS 1350001

On April 14, 2026 the Texas Commission on Environmental Quality required the Red River Authority of Texas RRA –Guthrie Dumont Water System PWS 1350001, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed for drinking water or human consumption and has provided TCEQ with laboratory test results indicating that the water no longer requires boiling prior to use as of April 24, 2026.

If you have questions concerning this matter, you may contact me at (940) 723-8697.

If a customer, individual, or employee wishes to contact TCEQ, please call (512) 239-4691

Sincerely,

RED RIVER AUTHORITY OF TEXAS

Jared York  
Administrative Assistant
